

**Blu-ray Rack 33.5 cm Width 23350**

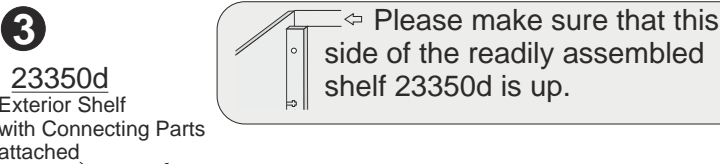

**1** Please remove the protection foil from all acrylic parts (foil is on both sides).

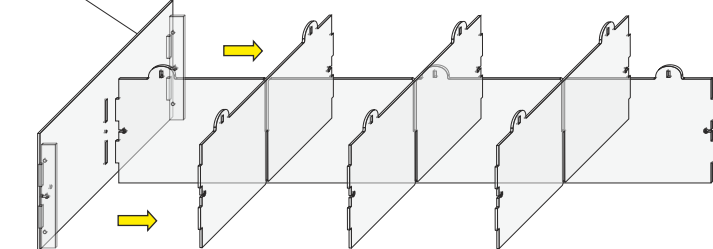

Firstly stick the connecting parts 23350t on the exterior shelf 23350d and establish a tight connection using the M3 screws and nuts ( please fasten the screws only lightly )

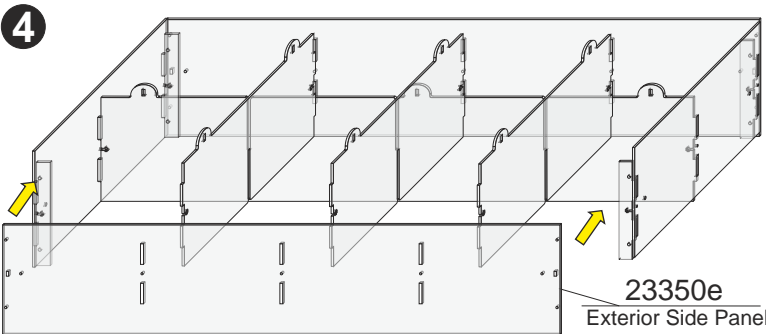

Slot the shelves 23350c on the side panel 23350b. Make sure that the round overlaps with the openings are up.

Please make sure that this side of the readily assembled shelf 23350d is up.

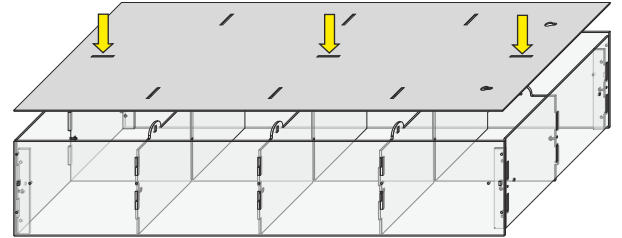

Connect the two readily assembled shelves 23350d, to the side panel 23350b using the small M3 screws and nuts.

Now connect the two exterior side panels 23350e to the shelves and also to the connecting parts.

**5**

Finally connect the back panel to the sides and shelves. Clamp it firmly with the acrylic pegs. To interconnect several Blu-ray Racks or Blu-ray and DVD racks sideways please use the longer M3 screws and nuts.

**Cleaning instructions :**

Please do not use any cleaning agents other than water or special acrylic care products. Many other cleaning agents contain solvents, which can damage the acrylic glass.

If you have any further questions, please contact us by e-mail.
